

## W7DP Meeting Minutes 6/4/2024

Meeting called to order by president Timber Burton. Introduction of those attending.

Field Day planning discussion led by KB7POT Mikel .Field Day will be held on June 22,23 at 3108 Mill Creek RD and hours are from 11am Saturday thru 11 am Sunday. Timber will return the generator to the club house. Mikel will organize the transport of the club station and antennas. Friday afternoon we will meet at the club house to load misc. items and transport them to the site. At the site we will install antennas, shade tents, power distribution etc. Saturday dinner will be provided by Timber (thanks). No plans for a provided breakfast so bring your own. Local fast food is close by. Six persons indicated that they will attend. Dogs and fires are not allowed.

Discussion of the Onionman communications event. The 440 cross band repeater was not working well.

A discussion of Solar power for the repeater's possible use. K7LW discussed his repeaters and will donate mast sections to the club.

The Pendelton Round Up wagon train will use the 146.78 repeater.

The Dart exercise is scheduled for June 8 at the airport. W5SAB will use SSB and Brian K7BDT will use Vhf WINLINK
